

Maria Regina Residence
Job Opportunity
LICENSED PRACTICAL NURSE

Position Summary:

A Licensed Practical Nurse shall assume responsibility for specific functions as delegated by the Registered Nurse. The LPN will function as a member of the nursing team and the interdisciplinary team.

Responsibilities:

- Assists in maintaining an environment conducive to physical and emotional health.
- Conducts resident care rounds, the frequency of which shall be determined by the Registered Nurse based on the resident's care needs.
- Provides direct nursing care based on the resident's care needs.
- Administers and charts all medications, as required.
- Maintains accurate and accessible records and reports.
- Monitors and instructs non-license personnel in giving resident care, as necessary.
- Applies knowledge of drugs, diagnostic tests, and other therapeutic modalities based on established principles and precautions.
- When designated in charge, distributes and coordinates written assignments, ensuring their completion in compliance with nursing policies and procedures.

Qualifications:

- Currently licensed to practice as a Licensed Practical Nurse in New York State.
- Recent staff nurse experience preferred.
- Ability to communicate verbally and in writing with all disciplines.
- Excellent interpersonal, oral and written communication skill.
- CPR certification required.
